

O.S. SYSTEMS, INC.

KAYAK FISHING DRYSUIT (WATERPROOF / BREATHABLE)

OS SYSTEMS makes its own drysuits in Scappoose Oregon, USA. OS SYSTEMS now offers the KAYAK FISHING DRYSUIT (KFD), a waterproof/breathable drysuit designed for the fisherman/woman who appreciates offshore fishing without a motor driven boat. The KFD is available in 19 standard sizes, plus full custom sizing. In addition, OS can individually design and make your KFD with the features you choose. All OS waterproof/breathable KFDs have the features listed on the back side.

KFD Model shown with some optional upgrades:

- A small Bellows Pocket on the upper left arm;
- A large Bellows on the outside of the right leg;
- A men's style relief zipper;
- Neoprene padded Shin Guards;
- Neoprene padded Butt Pad,

CHOOSE OPTIONS & UPGRADES:

- Latex or Neoprene Neck and/or Wrist Seals;
- Size of Neck and/or Wrist Seals;
- Latex Neck Seal pretrimmed and/or prestretched;
- Bellows or MARSEC Pockets (S, M, or L);
- Relief Zipper;
- Neck/Wrist/Ankle Wraps;
- Neoprene Shin Guards;
- Neoprene Padded Butt Pad;
- Cordura Elbow Pads;
- Reflective tape, SOLAS or Red/Orange;
- Recoil Pad; and/or
- Team Patch attached.

Features on all KAYAK FISHING Drysuits

- * **Material:** MICRO™ fabric is a three ply laminate consisting of a micro denier, nylon/polyester base fabric, a waterproof/breathable microporous barrier membrane, and a tricot fabric inside layer.
- * **Seams:** Seams are double stitched for strength, and fusion sealed on the inside for water tightness.
- * **Design:** Designed with Freedom Cut™ features for complete and unrestricted freedom of movement. Sidearm Panel Gussets™ extend all the way down the arm to the waist. The Crotch Gusset extends from one ankle through the crotch and all the way down to the opposite ankle for unparalleled fit, function and freedom of movement.
- * **Waist:** Internal AC Waist™ (Adjustable Cord Waist™) streamlines the fit and reduces drag. Everything is internal to prevent potentially dangerous snagging.
- * **Suspenders:** Internal installed suspenders improve fit and function.
- * **Colors:** Top & Bottom – Charcoal Black. Optional colors – Pewter, Garnet Red, Electric Blue, Fiesta Orange, Ground Shade, Tiger Digital Camouflage, Woodland Camouflage.
- * **Entry:** Front diagonal entry #8 brass tooth zipper for guaranteed water tightness.
- * **Reinforcing:** Cordura® Butt Pad and Knee Pads for protection, strength and improved slip control.
- * **Seals:** Neoprene neck seal. LongLife Latex™ commercial grade rubber wrist seals are thicker and more durable (minimum thickness is .030"). Made in the USA. These seals are also easily replaceable. Seal specifications and replacement instructions are available at "www.ossystems.com/repair/repr.htm", and "www.ossystems.com/repair/seals.html".
- * **Footwear:** Waterproof/breathable fabric socks are standard. OS SYSTEMS recommends using non-attached boots or footwear for the best individual fit, the best lace up ankle support, and the best walking and traction sole. NOTE: Fabric socks are designed to be worn inside some non-attached footwear option. Do not walk on the fabric socks without this protective footwear.
- * **Testing:** Each drysuit is individually tested under pressure and under water to guarantee water tightness.
- * **Warranty:** Two year limited warranty. See “ossystems.com”.
